## II. Introduction:

In the period 07 October 2023 to 11 February 2024, I participated in the Student Exchange program at Universiti Kebangsaan Malaysia, Malaysia. The aim of this program is to expand cultural knowledge and academic insight as well as train the ability to adapt to new environments on an international scale.

## III. Activities During Student Exchange:

### 1. Academic Activities:

- Attend lectures at Universiti Kebangsaan Malaysia
- Actively participate in class discussions and interact with lecturers.
- Interact with Malaysian and international students both inside and outside the classroom (such as in group assignments)
- Carrying out academic assignments given by the lecturer in accordance with the established curriculum.
- Take exams simultaneously in accordance with the curriculum rules on campus.

### 2. Cultural and Social Activities:

- Participate in cultural events held by the Faculty of Economics and Management on the Universiti Kebangsaan Malaysia campus.
- Interact with local and international students to understand their culture and lifestyle.
- Take a trip to KL to introduce Kuala Lumpur as the capital of Malaysia.
- Visit historical destinations in Malaysia.
- Introducing Indonesian culture to Malaysian and international students by holding an event called Arunika.

### 3. Self Development:

- Train and improve the ability to adapt to new environments.
- Sharpen your communication skills in English.
- Studying the culture of Malaysia, which is Indonesia's close neighbor in Southeast Asia.

## IV. Results and Learnings:

While participating in the Student Exchange program, I succeeded in achieving several valuable results and learnings, including:

1. Increased understanding of my field of study through a different academic approach at Universiti Kebangsaan Malaysia
2. Better communication skills in English.
3. Valuable experience in adapting to new cultures and international environments.
4. International contact network with students and lecturers from various countries.
5. New knowledge about Malay traditional culture in Malaysia.

## V. Conclusion:

The Student Exchange Program at Universiti Kebangsaan Malaysia has provided very valuable experience for my academic development and my ability to interact with International Students. I believe this experience will contribute positively to my study journey and open doors to international opportunities in the future.
